Expression of Interest

To

Supply, install, commission and provide compressive maintenance (3 years) of CCTV surveillance systems in residential high schools and ashram schools of SSD departments.

About OPHWC:

The Odisha State Police Housing and Welfare Corporation Limited (OPHWC) was incorporated as a wholly owned Government of Odisha Company on 24th May 1980 under the Companies Act, 1956 to meet the housing needs of the Police with enhanced priority as a welfare measure.

During more than 35 years of its existence, the OPHWC has developed expertise in planning, designing and construction of residential and non-residential buildings for the Police, Fire Services, Prison Administration and Judiciary. The Corporation has developed expertise in fortifying buildings vulnerable to extremist attacks in Maoist affected areas of the State. The Corporation is the nodal agency for construction of buildings under important Central Government schemes like Modernization of Police Force Scheme, Security Related Expenditure Scheme and the Special Infrastructure Scheme.

The OPHWC as a trusted construction Company provides quality construction and therefore has attracted clients outside its core area of responsibilities. The Corporation has constructed projects for Colleges and Universities under UGC Grant, Hospitals for National Rural health Mission, Schools for SC & ST Development Department, and Vocational Training Institutes for Industries Department etc. Starting with a turnover of Rs. 13.70 Lakh in the year 1980-81, the Corporation has been able to post a figure of more than Rs. 400 Crores in the financial year 2016-17.

Applying the parameters as laid down in the criteria for categorization of PSUs the Government of Odisha has categorized the OPHWC as 'Silver' in the year 2011. The corporation also an ISO 9001:2015 certified Company.

OPHWC has identified Innovation as one of the key enablers in its modernization and productivity improvement drive and has decided to deploy integrated systems across the major functions of the organization to exploit the full potential of Technology.

Purpose of this EOI

The SSD Department intends to install CCTV surveillance systems in all Girls residential high schools and ashram schools to overcome the shortcomings in the security at `ashram' (residential) schools for tribal girls. **This EOI is for 1120 identified location across different districts in Odisha.** Vision of the project is to implement holistic and integrated video surveillance system that would be accessible to Girls in the hostel to monitor the entrance as well the approach roads leading to the girl's hostel. This system shall also have the capabilities to get integrated with surveillance systems of different stakeholders with the objective of enhancing safety and security in the campus.

- The purpose of Surveillance is to assist in and raise alarm to overcome the shortcomings in the security.
- It will assist the girls in monitoring unwanted incidences or unacceptable activities within the coverage area.
- Information obtained through video monitoring will be used exclusively for security, disciplinary and Public policy enforcement and/or law enforcement purposes.
- Access to video monitoring footage and other data is limited only to girls in the hostel.
- Video monitoring of the setup will be conducted in a manner consistent with all existing policies.
- The system will help the girls to contact the police / authorities in times of need.
- Monitoring of suspicious people, vehicles, objects etc. with respect to protecting life and property in the campus.

Based on the evaluation of EOI received, interested bidders found acceptable by OPHWC based on the technical and commercial selection criteria set out, will be short-listed and Work Order would be issued.

 - iv. Terms for do's and don'ts
2. Potential bidder needs to arrange a project kick-off session with the respective committee to set the expectation before the start of the Installations.
3. Potential bidder needs to install IP based network CCTV system along with the requisite hardware and software for the CCTV surveillance system to connect the display unit.
4. Potential bidder must acquaint themselves fully about the assignment and the local conditions and usage before submitting the proposal. They may visit the installation site with prior arrangement at their own cost.
5. Potential bidder has to specify the hardware along with recommended brands, software (preference to Opens source analytics / OS), and Connectivity topology and submit the complete BOQ to execute the Project.
6. The no. of camera / location may vary depending on the construction of Hostels and site conditions. Potential bidder has to factor this while participating in the EOI.
7. Potential bidder have to suggest a mechanism to store the recoded videos in a cost effective manner for at-least one year, and Bidder while conducting the preventive maintenance should perform the transfer of data from location to the storage.

The Prequalification Process and General Conditions

The Procurement Process

The activities leading to install CCTV surveillance systems in all Girls residential high schools and ashram schools to overcome the shortcomings in the security at 'ashram' (residential) schools for tribal girls.

Invitation for EOI: OPHWC invites System Integrators to submit Expression of Interest (EOI) for selection of well-established, experienced and innovative companies for supply, installation, commissioning and provide compressive maintenance (3 years) for CCTV surveillance systems in all girls' residential high schools and ashram schools of SSD departments. A notice inviting for Expression of Interest has been published in leading daily newspapers and uploaded in OPHWC website www.ophwc.nic.in, as per standard practice of Government. This document with key details of the project and response formats is available for all potential and interested bidders through website or through the OPHWC office. Two-part bid system shall be adopted, i.e., Techno-Commercial Offer and Price Offer.

Receipt of responses: The responses from potential bidders who are interested in participating for the selection process should submit the bid in the technical / commercial EOI. Two separate sealed covers with technical bid marked clearly as "**Technical Bid**" and financial proposal marked as "**Financial Bid**" should be submitted at the designated place, on a designated date and time as specified in this document.

Evaluation of responses: The information provided by the potential bidders as part of the response to this EOI will be evaluated against the conditions specified in the EOI to qualify for the subsequent processes of financial bid opening and subsequent system integrator selection. Bids will be opened in presence of bidders / representatives who chosen to be present on the designated date and time.

First, the technical bids will be opened and their documents will be page numbered and signed by the Screening Committee Members.

Secondly, the bidder have to submit the sample of the CCTV, NVR, Switch, and CAT6 cable as a proof to validate against the specified specification in this EOI. Subsequent verification to be done post installation with the sample.

Evaluation of the Proposals: The responses from bidders, who submit their technical proposals against the requirements of OPHWC specified in the EOI, will be evaluated.

Financial bids of only the technically qualified agencies/ organizations/ institutions will be opened in presence of representative of technically qualified agencies (who choose to be present) on the suitable date and time that will be inform later by telephone and e-mail.

After opening of the financial bid, Evaluation Committee will again meet and negotiate with the lowest bidder to arrive at the negotiated rate.

Right to Terminate the Process:

- OPHWC makes no commitments, explicit or implicit, that this process will result in a business transaction with anyone
- This EOI does not constitute an offer by OPHWC. The bidder's participation in this process may result in OPHWC selecting the bidders to engage in further responses, discussions and negotiations towards execution of a final contract. The commencement of any subsequent procurement activity resulting out of this EOI does not signify a commitment by OPHWC either to continue the activities or to culminate such activities with a definitive contract.
- OPHWC reserves the right to withdraw this EOI if it determines that such action is in the best interest of the organization without assigning any reason whatsoever. Shortlisted bidders would be issued formal Request for Proposal inviting their technical and commercial bids later, provided OPHWC decides to go ahead with the process.
- OPHWC undertakes that all the information shared by the bidders will be held in strict confidence and will not be made public unless directed by court of law or under RTI norms.

Authenticity of the Information and Right for Verification

- OPHWC reserves the right to verify all statements, information and documents submitted by the potential bidder in response to the EOI. Any such verification or lack of such verification by the OPHWC shall not relieve the bidder of its obligations or liabilities hereunder nor will it affect any rights of the OPHWC there under.
- In case it is found during the evaluation of the responses or at any time during the subsequent procurement process or before signing of the contract or after its execution and during the period of project execution resulting out of the contract thereof, that one or more of the pre-qualification conditions have not been met by the bidder, or the bidder has made material misrepresentation or has given any materially incorrect or false information, the bidder shall be disqualified forthwith if not yet awarded the contract either by issue of the letter of intent or entering into a contract.

Additional Conditions

- Timing and sequence of events resulting from this EOI shall ultimately be determined by OPHWC

- Responses are subject to rejection if they limit or modify any of the terms and conditions or specifications of this EOI
- Neither the bidder nor any of bidder's representatives shall have any claims whatsoever against OPHWC or any of its respective officials, agents, or employees arising out of or relating to this EOI or these procedures (other than those arising under a definitive service agreement with the bidder in accordance with the terms thereof).
- The Bidder should not bid under any Consortium. No Consortium bid shall be allowed for this EOI.
- The decision of the Corporation about selection of Vendors for issue of Prequalification applicants will be final. The Corporation is not bound to assign any reason thereof
- The bidder should not be under a declaration of ineligibility for corrupt and fraudulent practices issued by Government of India or any State Governments or any PSU in the country of India. (To be furnished under Notarized Affidavit made at Bhubaneswar)
- The bidder must not have any history of defaulting in execution of work orders issued by Government of India or any State Government or PSU in the country of India. A self-declaration certificate to this effect should be enclosed. (To be furnished under Notarized Affidavit made at Bhubaneswar)

Technical Specifications

2MP Fixed IP Bullet Camera		
S.No	CAMERA PARAMETER	
1	Image sensor	1/2.7" progressive scan CMOS
2	Min. illumination	0.01Lux @(F1.2,AGC ON), 0.014 Lux @(F1.4,AGC ON), 0 Lux with IR
3	IR Distance	upto 30-40 Mtrs
4	Electronic Shutter	Auto(1/3s-1/30000s Adjustable)
5	Lens	6mm Angle of view: 55.4°
6	Other Features	HLC/BLC, WDR (120dB), 3D-DNR, Defog, AGC
7	S/N ratio	≥60db (AGC OFF)
8	Video compression	H.265/H.264/MJPEG
9	Frame Rate	Main Stream 1920*1080@1~25fps; Sub Stream 704*576@1~25fps, Third Stream 1280*720@1~15fps
10	ROI	Support 4 Zones, Multi-stage level
11	Motion detection	4 Zones
12	Privacy Masking	4 Zones
13	Video Analytics	Audio Detection, Face Detection, Line Crossing Detection, Intrusion Detection, Region Entrance, Region Exiting, Abandoned Object, Missing Object, Density detection, Object Counting, Loitering Detection, Crossing A Fence, Scene change detection, Color Cast Detection, Defocus detection
14	Pre-Post Alarm	0-5 Sec Pre & 1-120 Min Post
15	Event linkage	Snapshot, SD card video, FTP upload , Email
16	Network	
17	Network Storage	NAS (Support FTP), FTP
18	Alarm Trigger	Motion detection, tampering alarm, network disconnect , IP address conflict, storage exception
19	Protocols	IPv4,IPv6,TCP/IP, ICMP, ARP,HTTP, HTTPS, FTP, DHCP, DNS, DDNS, RTP, RTSP, RTCP, PoE, NTP, UPnP, SMTP, SNMP, IGMP, 802.1X, QoS
20	System Compatibility	ONVIF (Profile S),ISAPI ,CGI,PSIA
21	Ethernet	1 RJ45 10M/100M Ethernet port
22	Audio In	Built in Mic
23	SD card	Support Max 128G, Micro SD (SDHC /SDXC) card local-storage
24	GENERAL	
25	Operating temperature	-30 °C ~ 70 °C Humidity 95% or less (non-condensing)
26	Ingress protection	IP67 Complaint, IP66 Certified: EN/IEC 60529
27	Vandalism protection	IK10 Compliant
28	Power Supply	DC 12V ± 10%,PoE (802.3af, class 3)
29	Product Certification	Safety: CE, FCC, IS 13252 (Part 1): 2010, BIS Registered, IEC 60950-1:2005 Temperature & Humidity: IS 9000/ EC 60068/ BS EN 60068

4 Channel NVR, 2 SATA		
S.No	Specification	
1	Operation System	Embedded Linux
2	Network throughput	200Mbps
3	No. of Channels	4ch
4	Audio Input	1ch,RCA Interface(Line in,2Vpp,300ohms),Voice Talk Multiplexing
5	Video Output	1CH HDMI, 1CH VGA, 1CH CVBS Output
6	Audio Output	1ch,RCA Interface(Line out,2Vpp,300ohms)
7	IP Channel Resolution	Main Stream Up to 3264x2448
8		Sub StreamD1 MAX
9	Video Decode Standard	H.265+, H.265, H.264
10	Audio Decode Standard	G.711A,G711U,G726
11	Multi-channel Playback	4Ch
12	Playback	4ch 1080P@30FPS
13	Intelligent Function local	1CH Face Detection or 1CH Intrusion Detection (Support any ONVIF Camera)
14	Intelligent Function	Face detection, Area-cross detection, Line-cross detection ,Through the fence detection, Object left, Object missing, Retrograde Detection, Wandering Detection, Wrong color detection, Image blur detection, Camera shift detection (Support intelligent Camera)
15	Voice Talk	Two-way Voice Talk (Shall be possible to make two way communication to any selected camera)
16	Motion Detection	Each Channel Support 396 (22x18) Detection Area; Support Multi-level Sensitivity
17	SATA Port	2
18	Maximum Capacity	6 TB Per SATA Port or Better
19	Network Port	1 RJ45;10M/100M/1000M Suitable Ethernet Port
20	USB Port	2 USB 2.0 (1 on front panel, another on back panel)
21	Alarm Input	8ch Input
22	Alarm Output	4ch Relay NO/NC
23	RS-485	1ch,Half-duplex
24	Power Supply	DC +12V 3.3A
25	Operation Temperature	-10°C-- +55°C
26	Operation humidity	10%--90%
27	Certification	CE, FCC,EN and BIS Registered

S.No	Desired Specification/Qualitative Requirement
1	4-Port Gigabit Unmanaged PoE Switch
2	4 ports support 802.3af & 802.3at PoE protocols and total POE budget of 68 W.
3	Plug-and-play device that requires no additional configuration after installation
4	Switch should have fanless design for significantly reducing noise when operating
5	Set of diagnostic LEDs which display the status and activity of each port on the device, allowing the user to quickly detect and correct problems if they occur.
6	Switch should have safety functions to prevent an unexpected overload of PoE power. In the event of such an overload, the Switch will immediately cut off the power supply to any connected powered device, protecting both the PoE device and the Switch from being damaged.
7	Switch should have Kensington Security Lock, for built-in physical Kensington security lock.
8	switch should have DC Power Jack , Input jack for the power adapter
9	Switch should have screw is used to secure a grounding wire to connect the Switch to ground.
10	Switch should support 4 levels of transmission queues to prioritize important traffic; Switch will check the priority tags in the packets and map them into corresponding queues.
11	Switch should support IEEE 802.3az Energy Efficient Ethernet (EEE), which constantly monitors all ports for data transmission and will put inactive ports in sleep mode to save power.
12	Performance Switching Capacity: 16 Gbps, Max. Forwarding Rate: 11.90 Mpps, Forwarding Mode: Store-and-forward Packet & Buffer memory: 192 Kbytes
13	Switch should support Cable diagnostics feature
14	Environment: Acoustic: 0 dB (fanless), Operation Temperature- Device: 0 to 50 °C, Storage temperature -40 to 70 °C , Operation & Storage humidity: 0% to 95% RH.
15	Emission (EMI) Certifications: FCC class B, CE Class B, VCCI Class B, RCM ,BSMI
16	Safety Certifications: cUL , LVD , BSMI
